Agra cantt, Agra

Professional Summary

- Aspiring MERN Stack Developer with a strong foundation in JavaScript, React.js, Node.js, Express.js, and MongoDB.
- Proficient in building REST APIs, managing databases, and developing interactive UI components.
- Hands-on experience with asynchronous programming, Git/GitHub, and responsive web design principles.
- Skilled in front-end technologies, including HTML, CSS, Flexbox, Grid, and Tailwind CSS, creating custom themes and ensuring responsive designs.
- Knowledgeable in back-end development, including middleware, routing, CRUD operations, and Mongoose.
- Practiced in problem-solving, debugging, algorithms, logical thinking, and code optimization.
- Experience with version control, branching, pull requests, merge conflicts, and repository management using Git and GitHub.
- Actively involved in continuous learning, exploring new technologies, and participating in open-source projects.
- Effective communication, teamwork, collaboration, Agile methodologies, peer review, and project coordination abilities demonstrated through voluntary mentoring at AlmaBetter.
- Familiar with accessibility standards and passionate about creating inclusive user interfaces.

Career Timeline

March 2024 - present

Volunteer Mentor / Helper
AlmaBetter

Work Experience

March 2024 - present

Volunteer Mentor / Helper
AlmaBetter (Remote / Online)

Providing support and guidance to classmates in mastering JavaScript, React, and Node.js; debugging code; providing relevant resources.

- Mentored classmates, facilitating understanding of JavaScript, React, and Node.js concepts, reinforcing foundational knowledge.
- Assisted in debugging code, providing clear explanations to enhance practical programming skills and problem-solving capabilities.
- Curated and disseminated learning resources and practical tips to support the development of small projects, fostering independent learning and application.

Achievements:

- Enhanced classmates' understanding of core programming concepts, contributing to a stronger grasp of JavaScript, React, and Node.js.
- Improved practical skills of peers through targeted debugging assistance, leading to more effective code comprehension and problem-solving.
- Supported the development of small projects by sharing valuable learning resources and practical tips, enhancing project outcomes.

Soft Skills

Communication Teamwork
Collaboration Problem Solving
Adaptability

Technical Skills

JavaScript
React.js
Node.js
Express.js
MongoDB
HTML & CSS
REST APIs
Git & GitHub
ES6
Responsive Design

Core Competencies

- Full-Stack Development
- Web Application Architecture
- Database Management
- API Design & Implementation
- Version Control
- Agile Development
- Code Optimization
- Cross-Platform Compatibility

Education

- Master of Computer Applications (MCA)**
Lovely Professional University (Distance Education)
2023 - 2026
- B.Sc. in Physics, Statistics, and Mathematics (PSM)**
St. John's College, Agra
2021 - 2023

Languages

English Hindi

Hobbies

Web Development AI & Automation
Coding Practice Tech & Gaming

Achievements

- Volunteered as Mentor at AlmaBetter: Assisted classmates with understanding programming concepts in JavaScript, React, and Node.js, strengthening practical skills through debugging and code explanation.
